

LittleWeebLibrary.Handlers.
DirectoryHandler.CreateDirectory

```
graph LR; A["LittleWeebLibrary.Handlers.  
DirectoryHandler.CreateDirectory"] --> B["LittleWeebLibrary.Models.  
JsonError.ToJson"]; A --> C["LittleWeebLibrary.Handlers.  
DebugHandler.TraceMessage"]
```

The diagram illustrates a call graph starting from the method `LittleWeebLibrary.Handlers.DirectoryHandler.CreateDirectory`. This method is shown in a grey box on the left. Two blue arrows originate from its right side, pointing to two other method calls on the right. The top arrow points to `LittleWeebLibrary.Models.JsonError.ToJson`, and the bottom arrow points to `LittleWeebLibrary.Handlers.DebugHandler.TraceMessage`. Both target boxes are white with black borders.
